

# Grand Haven

As you travel South on US31, turn right onto Harbor Island Dr. right after the drawbridge. Look for the signs. Harbor Island Dr. comes up fast so be ready to turn. Turn right onto Coho drive and follow signs to the Boat Ramp.

Be careful when pulling out of the launch to stay between the buoy markers out to the channel – there are signs at the launch describing the safe route out to deeper water. Once in the channel be careful to stay there, pay attention to the red and green markers.

When you launch your boat, follow the channel markers west down the river.

The Marina is located on the south side of the river where the river splits.
