

Manistee

Most boats stay at the Municipal Marina and there are a few other private Marinas down river. The entire river is a "No Wake" zone so that makes it about a 10-15 minute ride from the Marina to the Pierheads.

Head West on 1st Street from US 31 and you'll end up at the boat ramp. There is a Shell Gas Station on the southeast corner of 31 and 1st street.

Weigh-In: Our Weigh In and Cookout is held at the picnic/park area directly next to the boat ramp. You can use the same parking lot for both places.

Insta Launch Campground is located about 3-4 miles north on US 31 from 1st street.
