

## Port Sanilac

Enter into the town of Port Sanilac by either 46 or 25. Follow the signs to the DNR Boat Ramp. After launching your boat be sure to stay inside the channel markers. If your going to the Port Sanilac Municipal Marina from the boat ramp by boat, follow the channel markers to the harbor entrance and then to the marina. Do not cut directly across to the marina from the boat ramp. That way is very shallow water.
